

## Davie County Offers New Property Search Site

For real estate professionals, surveyors, and others, finding property information quickly is essential. Davie County's internet mapping site, GoMaps, has been the only website available to find property and tax information in Davie County...until now. In January of this year, Davie County launched a new property tax website which allows users to directly search for property information by owner name, parcel address, sales date, and much more without having to use the map. The site consists of a Basic Search, an advanced Real Estate Search, and a Sales Search. "This new site gives the user greater flexibility and much more power in their search for property information than ever before", said John Gallimore, Davie County's GIS and Public Safety Administrator. The Sales Search is especially useful for real estate professionals looking for comparable properties during the listing process. Properties can be searched by map number, sales date, number of bedrooms, residence type, and more. "The more tools we can put in the hands of our customers helps our staff be more efficient and provide better service", Gallimore said.

The new website was developed by BI-TEK, LLC (<http://biteknc.com/>), the County's tax system software vendor. Over the last few years, the County has been undergoing a major software conversion from a legacy mainframe tax system to the new PASCO system built on the newest technology. "BI-TEK has been an outstanding partner in moving our tax software forward and helping our staff serve the taxpayers of Davie County", said Jackie Hall, Tax Administrator.

To use the new site, go to the GoMaps start page at <http://maps.co.davie.nc.us/GoMaps> and click on the "Property Tax Search" link. Or, visit the Development Services website at <http://maps.co.davie.nc.us/developmentservices> and select "Property Tax Search" under the Resources section.

For questions on using the new site or comments/suggestions on improvement, please contact John Gallimore at (336) 753-6050 x. 6056 or by email at [john.gallimore@co.davie.nc.us](mailto:john.gallimore@co.davie.nc.us)
