Developing Mobile Solutions That Impact Change

According to NAR, 89% of homebuyers use the Internet as an information source and 66% of homebuyers drove by or viewed a home they saw online. Are you meeting homebuyers where they are looking for you?

Today there are a mind boggling variety of new marketing and promotional tools available to help get your name out there...Websites. Text. E-mail. Facebook. Twitter. QR Codes.

Come learn how to not only make sense of all of these tools but also how to use them effectively and efficiently - even if you don't currently know what they are!

Do you have a smart phone optimized website?
